PRODUCTIVITY SYSTEM

EMERSON
Storage Solutions

SMART.

BRIGHT!

Attractive 2-bulb light includes mounting arms and is adjustable at any point along the uprights.

ON TRACK

Overhead tool track provides convenient location for power tool mounting.

RIGHT ANGLE

Unique wire shelf (with back ledge removed) fits oversized bins and tote boxes. Shelf can be pitched or straight, depending upon the application.

MULTIPLE CHOICE

Unique wire grid system maximizes accessory flexibility. Catalog holder, bin holder, hanging-file holder, and other wire accessories attach in seconds to wire grid.

AT HAND

Ergonomic bin panel holds numerous Olympic® bins for small parts storage. Position swing-arm bin holder for maximum productivity during assembly tasks. Can easily be moved from work surface area when not in use.

FINGERTIP ACCESS

Ergonomic monitor and keyboard holder swings out when in use and can be easily relocated outside of the work area when not in use. Ideal for both laptop and monitor/keyboard models.

POWER UP!

Eight outlet electrical power strip, mountable at any point along the uprights or mounting arms, gives you power wherever you need it.

SMART SPACE

Heavy-duty metal locking drawers are accented with gray laminate face to match work surface. 40 lb. load rating each.

T H I N K I N G S O L U T I O N S

Work Smarter: A fatigue-free environment is a more productive work space. Metro® SmartBench™ is an intelligent system designed around the users' needs.

Here organization and adaptability are second nature. It's the perfect balance between form and function—and that's smart thinking.

FLEXIBLE.

◀ *Position accessories easily with SmartGrid™ positioning panel.*

C-channel system allows for variable height adjustment. ▶

◀ *C-channel is designed to hold large amounts of weight.*

Cantilevered wire shelf can be pitched for easy access to parts bins. ▶

GO CONFIGURE: Create a custom configuration to your precise application, and to the worker's ergonomics. Modular design lets you change the configuration quickly and easily.

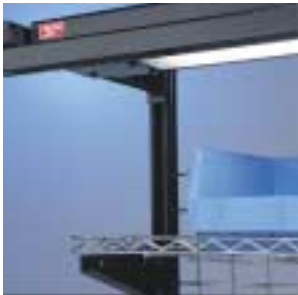

T H I N K I N G A H E A D

Pick and Choose: We started with a solid foundation. Then added thoughtful touches to make a modular, comfortable and adaptable system built to withstand the rigors of time and work flow changes.

The Metro SmartGrid™ format gives you a heads-up solution to high-access items—then lets you change your mind when new projects require new tools.

DIVERSE.

Integrated overhead fluorescent light fixture with variable height adjustment.

Ergonomic swing arm designed to hold computer monitor and keyboard.

Convenient 8 outlet 110-volt power strip.

S M A R T A C C E S S O R I E S

12" and 6" locking drawers accented with gray laminate face.

Space saving swing arm bin holder positions parts within easy reach.

ESD tops include two built-in ESD banana jacks.

Genius in the Details: Metro[®] SmartBench[™] features a higher level of accessories, designed to adapt to virtually any work or process scenario. The system features a vast array of accessories, to keep your options open. Now you can think for yourself.

SMARTER.

EYES

All important elements are at eye level for instant identification.

BRAIN

Intuitive design creates a solution that thinks along with you.

HANDS

Access angle is critical for quick, accurate grasp.

ARMS

Essential components are positioned at arm's reach without stretching.

FEET

Legs and feet are comforted in a relaxed position, eliminating strain.

BACK

Work height is correct for the user, easing back fatigue.
