Clear Universal Hanging Bins

NEW

This versatile bin grows along with your operations. No need to buy new bins when upgrading storage systems, this bin moves seamlessly from shelving to louvers to rails; changing from a sloped bin to a regular profile with a 180° turn. Universal Bins nest when not in use, saving valuable space.

- Hanging from the front creates a standard bin profile and keeps the bin level for maximum fill capacity
- Hanging from the back lets bin hang at an angle keeping parts visible and accessible
- Crystal clear lids can attach at either end of the bin
- Available in 7 sizes
